

# POT GANG KITS

Over the past year we've become a major supplier to the HAF Programme. We supply core providers with grow-your-own veg and herb kits to use as part of their face-to-face delivery.

It enables a higher quality of nutritional education and enrichment for HAF children.

SO FAR WE'VE GOT 25,000 children in 25 local authorities learning to grow food

# 2 OPTIONS FOR SUMMER

£3.99 PER CHILD

Raw materials to grow 1 herb.

£9.99 PER CHILD

All-in-1 box to grow 3 herbs.

# OPTION 1

£3.99 PER CHILD (+VAT)

We would provide, in bulk, the raw materials for each child to grow one of Basil, Mint or Chives.

Each child would receive:

- 1 x seed bag
- 1 x sticker
- 1 x growing guide
- 1 x pot
- 1 x compost (between 3 children)
- 1 x nutrients

# OPTION 2

£9.99 PER CHILD (+VAT)

This is an individual kit boxed up for each child, containing all they need to grow Basil, Mint and Chives.

Each child would receive 1 box with:

- 3 x seed bags
- 3 x stickers
- 3 x growing guides
- 3 x pots
- 1 x compost
- 1 x nutrients

# HOW IT WORKS

## STEP 1:

Local authority places order with us, specifying how many kits they would like sent to each provider.

## STEP 2:

We pack up and deliver the kits directly to each provider on an agreed date.

## STEP 3:

The providers use the kits within their face-to-face provision, planting with the children at the camps.

## STEP 4:

At the end of the programme, the children take their pots home to continue growing and eating.
